This certification is valid for six months and must be renewed by attending Course #100.1 (day certification) and Course #100.2 (night certification). Additional topics include air pollution and its effects, meteorology, water vapor plumes, air pollution law, inspection procedures and particulate matter controls.

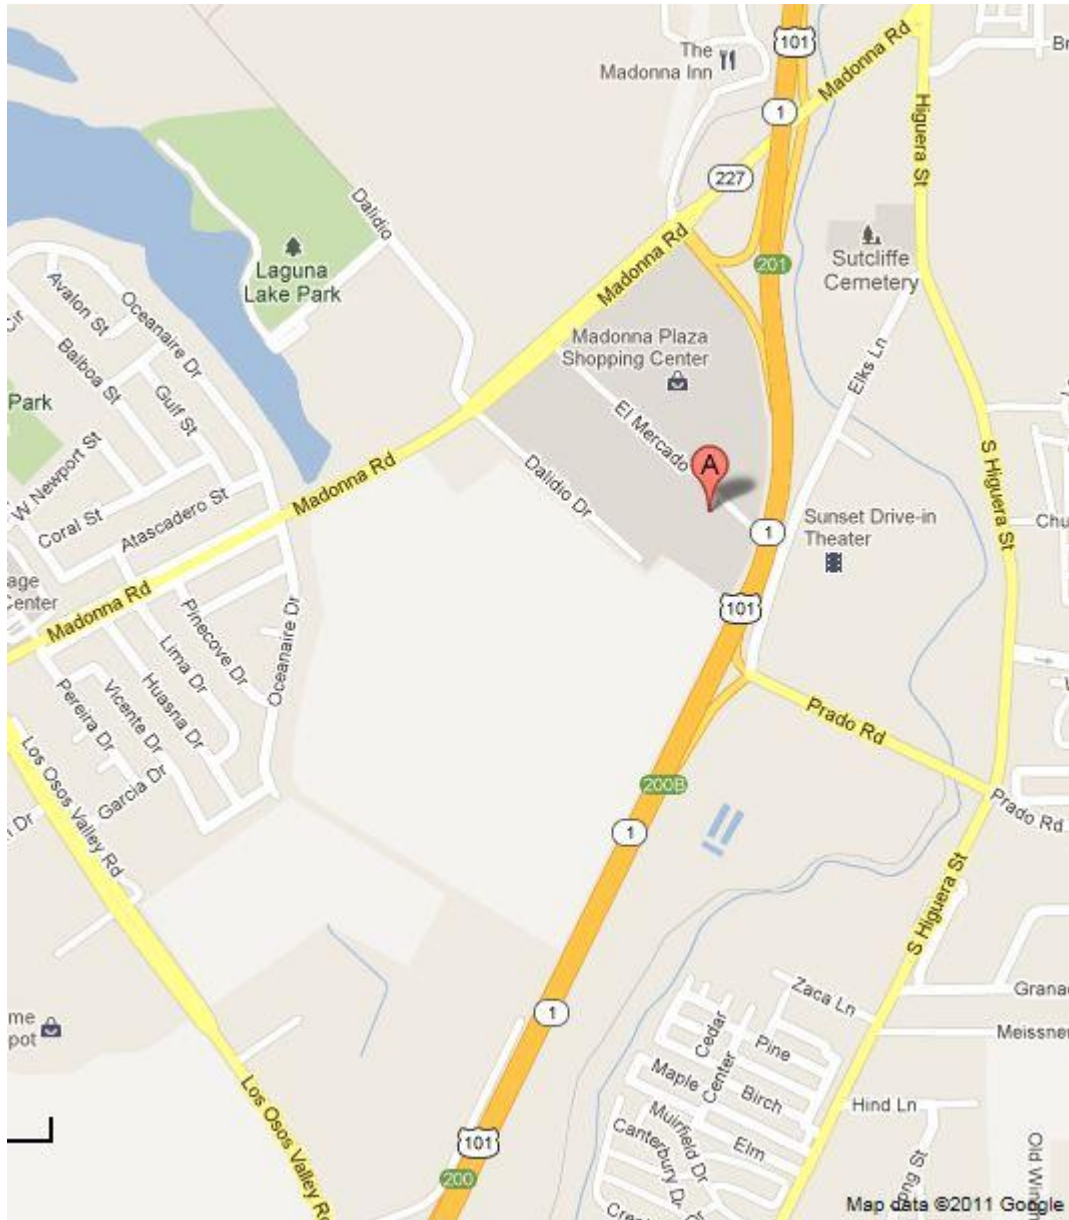

Completion of Fundamental of Enforcement is required for anyone who seeks VEE certification or recertification from the California Air Resources Board. It is also a requirement for anyone who seeks to be listed under VEE with the California Air Resources Board Independent Contractor's Program.
